## **“Preventing Teen Pregnancy: The Catholic Approach”**

*What Holy Cross Could Have Done to Address This Critical Problem*

**Date:** Tuesday, October 23<sup>rd</sup>  
**Time:** 7:00 p.m.  
**Place:** Cenacle room  
St. Paul's Cathedral  
38 High Street  
Worcester, Mass.

Featuring Dawn Eden,  
Director of the Love &  
Responsibility Program  
at The Cardinal Newman  
Society and author of  
*The Thrill of the Chaste*.

Please join The Cardinal Newman Society, in cooperation with St. Paul's Cathedral and the Worcester Diocese's Respect Life Office, on the eve before the College of the Holy Cross hosts a conference on teen pregnancy that includes representatives from Planned Parenthood and NARAL Pro-Choice Massachusetts.

Despite a strong and courageous statement from Worcester Bishop Robert J. McManus condemning the conference and asking Holy Cross to cancel the event, the college's President has steadfastly supported it and says he will let it take place.

In her talk, Miss Eden will detail how Church teachings on chastity offer a solution to not only the problem of teen pregnancy but also the wider problems of family breakdown—while abortion, contraception, and other "solutions" offered by Planned Parenthood and their allies exacerbate those problems. She will also place the issue, in accordance with Church teachings, into the context of what steps Catholic colleges can and should take to promote Catholic values on life, love and sexuality.

This event is open to the public and The Cardinal Newman Society encourages a strong showing of support for Bishop McManus's principled stand.
